

THE MAGICAL THEATRE PRESENTS...

The 12 Keystones

You are the playwright of your own life.

Your perceptions create your reality.

You are not the voices in your head.

Self-love silences the critic.

Free yourself from false beliefs.

Sacrifice your mask to save your soul.

Be present in the heart of now.

Patience is the fastest way to the authentic self.

Use your voice to speak the truth.

Live from your heart to express your soul.

Accept *what is* without need for improvement.

All is perfection.
