

Gini Gentry GARDEN OF THE GODDESS RETREAT CENTER ~

~ EXPLORING THE DEEP FEMININE ~ A TRANSFORMATIONAL WEEKEND FOR WOMEN WITH GINI GENTRY

WE INVITE YOU to join us as we celebrate the coming of the changing of the seasons. In this special weekend we will explore the great mysteries of the Goddess and share our secrets and love in ceremonies and ritual. A rebirthing ceremony is included.

As women we have always carried the secret of life in our womb and dreamed beyond our knowing. We embark on our mystical journey to reclaim our true self as reflected by the great trinity of the Goddess. The Black Madonna, Divine Mother and Sacred Virgin. We abandon our inertia and lost hopes and then, holding close our dream of wholeness, enter the search to dissolve the hidden lies of our imperfection.

To recast light upon the story we tell, we must reclaim our intuition and recapture our instinctual nature. When we embrace the deep feminine held within the three faces of the Goddess, we find ourselves inspired, passionate, sovereign and authentic. To see ourselves in the perfect mirror of the Divine is to reveal the depths of the feminine face of God. Everything here is magic and we return to our lives with new knowing and a fierce belief in ourselves.

Gini Gentry

Gini teaches from the heart of the Toltec Wisdom while at the same time embracing the unity of truth held within all the mystery traditions. She is committed revealing the love, honest reflection and outrageous joy that is our Divine birthright. The Toltec were women and men of knowledge. Their system of teaching involved three levels of Mastery: Awareness, Transformation (stalking) and Intent. Gini is a master of this wisdom.

As the Nagual Woman in the Toltec Eagle Knight lineage, and former teaching partner of don Miguel Ruiz, she has combined her unique blend of knowledge in workshops and ceremonies, international lectures and guided power journeys to sacred sites around the world.
