I opened Messages of Joy on December 1, 2005. I previously worked in Corporate America for over 20 years. I decided it was time to begin living my dream and keep a promise I made to my dearest friend and teacher Mike Gambino and channel of St. Jerome. Since a small child I saw spirits, ghost, and the unseen world. I had no one to share this with since I felt like I was the only one who saw them. I went on a Spiritual search to find the answers to the questions I had and met Mike Gambino. He was able to help me resolve that I was not alone and that the world I saw really existed. Since my early 20's I have studied Metaphysics and envisioned a place where like minded people can gather, communicate, share, and learn from each other. My objective was to open a place where Spirit, Angels, and Guides will bring together those who want to discuss and help support each other on their spiritual path.

My personal definition of Metaphysics is; how you build a personal relationship with God. What did you come to earth to contribute? I believe God, The Source, Spirit, or (whatever term you are personally comfortable with) gave us everything we need to heal, and live our life fully.

I am a Certified Reiki, Theta, and Galactic Healing Practitioner and a Certified Galactic Healing Teacher. I am a certified Tarot Reader, Spiritual Counselor, and Channel. I have many spirit guides I work with which are Native American, Ascended Masters, and Archangels. Here are the ones I work with the most. My Native American Guides are Sun Eagle and The Guardian. The Archangels I work with are Michael and Metatron. The Ascended Masters I work with is my elder brother Master/Teacher Jesus the Christ and The Blue Mother. I have been blessed to work with so many amazing people who have touched my life in a deep way on my spiritual path. Here are the people I have studied with to date.
